EUROX

## INNOVATIVE FEATURES FOR MAXIMUM SAFETY:

Our hand protection products incorporate the latest innovations to enhance both safety and comfort. With features like reinforced palms, enhanced grip technologies, and breathable fabrics, Eurox gloves ensure a secure, comfortable fit that doesn't compromise protection, even during extended wear. Ergonomically designed, our gloves allow for flexibility and dexterity, ensuring that workers can perform their tasks efficiently and safely.

## VERSATILITY AND CUSTOMISATION:

Eurox offers a wide array of hand protection options tailored to meet specific requirements.

Whether you're in construction, manufacturing, or logistics, our range includes everything from general-purpose gloves to highly specialised options for chemical, electrical, or thermal protection.

At Eurox, we are dedicated to providing top-tier hand protection solutions designed to safeguard workers across various industries. **Our hand protection range combines innovation, quality, and comfort to ensure that workers are protected** in even the most challenging environments, all while maintaining superior performance and wearability.

EUROX

## ADVANCED DESIGN AND TECHNOLOGY:

Eurox's hand protection products are meticulously engineered using state-of-the-art materials and technologies to offer maximum protection against a wide range of hazards.

Our commitment to excellence ensures that every product meets stringent safety standards, including EN388 and EN407, delivering the durability and reliability you need.

## FUTURE-FOCUSED INNOVATION:

As a leader in safety solutions, Eurox is always looking towards the future. We are actively researching and incorporating emerging technologies to further enhance the effectiveness of our hand protection products.

Eurox is committed to staying ahead of industry trends to ensure our products meet the needs of the workforce.
