# ABOUT EUROX

Established in 1985 - Eurox is a trusted designer, manufacturer & supplier of PPE, Workwear & Corporate Wear. Guided by innovation, practical design & personal service.

We're built on transparency, honesty & trust.

From our 150,000 ft<sup>2</sup> UK distribution facilities, we supply complete clothing solutions, from concept to delivery across sectors including Waste Management, Utilities, Transport & Construction, featuring brands such as AQUA, Trakman, Titan & Phoenix-FR.

We're proud to be a successful supplier to BlueLight Commercial's National Waterproof Clothing Framework, providing UK police forces with durable, compliant & comfortable garments ranging from waterproof jackets & trousers to lightweight & multifunctional options.

At Eurox, we're committed to protecting those who protect us with high-quality workwear - built for performance that you can rely on.

# PRODUCT SPECIFICATION & OVERVIEW

- All jackets are built for comfort & durability from a 170gsm polyester jet twill
- Garments meeting EN343:4:4 waterproofing & breathability standards provide reliable protection against wind & rain.
- Those identified by the EN343:4:4 icon throughout the catalogue Selected garments conform to EN20471 class 3 standards, enhancing visibility & wearer safety in low-light or high-risk environments.
- These are identified by the EN20471 class 3 icon throughout the catalogue Jackets in Lots 1-4 feature two Klickfast™ docking stations on upper chest to securely attach radios, cameras, & other essential equipment
- Outer jackets feature a concealed zip beneath dual stud-fastened storm flaps to prevent water ingress while maintaining easy access & mobility
- The stand-up collar with adjustable shock cord provides protection against wind & rain, improving fit & comfort
- Inner jackets are lightweight & designed to integrate seamlessly with outer layers or worn alone in mild conditions

\*Garment sizing ranges from 2XS to 3XL

\*For all conformities & relevant certifications, please visit [www.eurox.co.uk](http://www.eurox.co.uk)

Designed to work as a complete weather protection system, each jacket & trouser set offers comfort, protection & mobility when worn together.

Combined protection against rain, wind & cold  
Layered fit allows unrestricted movement over uniforms or body armour

Matching fabrics & finishes create a unified, professional look

Aligned access points ensure easy use of pockets & equipment

Enhanced comfort & breathability during extended duties

Integrated design provides greater durability & coverage than when worn separately

## JK135

### 3/4 LENGTH BLACK WATERPROOF JACKET

FRONT

BACK

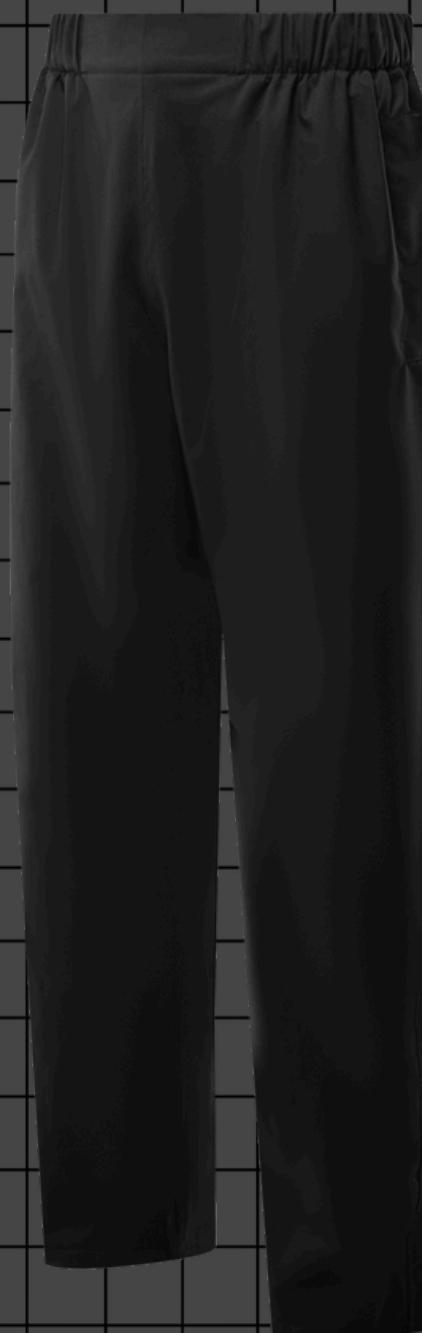

WATERPROOF & BREATHABLE  
Specifies protection against rain  
and wind while ensuring  
breathability for comfort during  
wear.

- Breathable mesh lining & taffeta-lined sleeves ensure all-day comfort, with a detachable microfleece liner providing added warmth in winter
- A concealable, adjustable storm hood is neatly integrated into the collar for protection against harsh weather
- Blue & silver chequered reflective tape enhances visibility & compliance, while fixed stud-fastened epaulettes maintain a professional look
- Adjustable cuffs, draw-cord waist and side zips ensure a secure, flexible fit
- Features multiple practical pockets, including two breast, two lower front, two zip-fastened napoleon & inner patch pockets for essential storage

**TR063**  
**WATERPROOF TROUSERS**

FRONT

BACK

EN 343

**WATERPROOF & BREATHABLE**  
Specifies protection against rain  
and wind while ensuring  
breathability for comfort during  
wear.

sold together or separately

# PRODUCT SPECIFICATION - FOOTWEAR

As part of our commitment to providing a complete outfitting solution, we have expanded our range to include footwear. Chosen to work alongside our existing uniform and PPE offering, this addition allows forces to source everything they need from one trusted supplier.

Designed to support day-to-day operational use, the footwear range complements our wider system, helping deliver consistency, reliability and confidence across the working day.

Built for long shifts & extended wear

Uniform-appropriate appearance

Comfort-focused construction reduces fatigue

Certified to EN footwear standards

Shock absorption through cushioned insoles and midsoles

Designed for stability & control on varied surfaces

Durable uppers for demanding work environments

Durable outer materials with breathable elements

Slip-resistant outsoles for reliable grip

Moisture management improves comfort during wear

Supportive ankle & heel structure

Reinforced high-wear areas for longevity

FW172

**MAGNUM STRIKE FORCE 6 CT (M801550)**

FRONT

SIDE

- Waterproof safety boot with YKK side zip for quick access. A composite toe cap and penetration-resistant midsole protect against impact and underfoot hazards, with Exogel side protection for added ankle stability.
- A durable leather upper with breathable mesh and a waterproof membrane keeps feet comfortable. The RECOIL midsole and M-P.A.C.T Response insole deliver reliable all-day cushioning.
- A slip- and oil-resistant MICHELIN outsole provides strong grip and is heat resistant to 300°C.
- Certified to EN ISO 20345 S3 AN CI HI HRO SRC WR, with ESD properties, reinforced heel, and standard fit.
- Sizes 3-14 & 1/2

FW173

**MAGNUM MAG SPIDER EXO 6.0 CT SZ WP (M810076)**

FRONT

SIDE

- Waterproof safety boot with YKK side zip for easy access. A composite toe cap and penetration-resistant midsole protect against impact and underfoot hazards, with Exogel side protection for ankle stability.
- Durable leather uppers with breathable mesh and a waterproof membrane keep feet comfortable. The RECOIL midsole and M-P.A.C.T Response insole deliver reliable all-day cushioning.
- A slip- and oil-resistant MICHELIN outsole is heat resistant to 300°C.

- Sizes 3-14 & 1/2

FW174

**MAGNUM MAG SPIDER EXO 8.0 SZ WP (M810077)**

FRONT

SIDE

- Waterproof occupational uniform boot with a higher leg profile and YKK side zip for quick access. A composite toe cap and penetration-resistant midsole protect against impact and underfoot hazards, with Exogel side protection supporting the ankle.
- A waterproof leather upper with breathable recycled mesh and moisture-wicking lining keeps feet comfortable during long shifts. RECOIL midsole and M-P.A.C.T Response insole provide all-day cushioning, finished with a slip- and oil-resistant MICHELIN outsole for reliable grip.
- Certified to EN ISO 20345:2022 S7L FO SC HRO AN SR.
- Sizes 3-14

FW233

**MAGNUM STRIKE FORCE BOOT 8.0 (M81395)**

FRONT

SIDE

- Waterproof occupational uniform boot designed for long days on your feet with no safety requirement. Durable leather uppers with breathable mesh and a waterproof, breathable membrane keep feet dry and comfortable during extended wear.
- M-P.A.C.T Response insoles and Exogel ankle protection help reduce fatigue, while a slip- and oil-resistant outsole delivers dependable grip. Heat and cold insulation supports year-round outdoor use, with non-metallic construction and YKK side zips for easy on and off.
- Certified to EN ISO 20347:2012 OB AN CI E FO HI HRO WR, slip rating SRC.
- Sizes 3 - 14

FW416

**MAGNUM PRECISION RIGMASTER (M801365)**

FRONT

SIDE

- Waterproof safety boot with YKK side zip for quick access. A composite toe cap and penetration-resistant midsole protect against impact and underfoot hazards, while a waterproof full-grain leather upper and breathable bootie membrane keep feet dry in demanding conditions.
- Comfort features include a padded collar and tongue, fast-wicking lining, and an M-P.A.C.T Response insole for effective shock absorption. A PU high-density midsole provides all-day support, with a hard-wearing TPU toe guard for added durability. The high-traction rubber outsole delivers reliable grip across varied surfaces, with scanner-safe construction for secure environments.
- Certified to EN ISO 20345:2011 S3 HRO WR SRC.
- Sizes 3 - 14

FW136

**Magnum Viper Pro 8.0+ (M810044)**

FRONT

SIDE

- Occupational boot with a durable full-grain leather upper, breathable nylon mesh panels, and a padded collar and tongue for all-day comfort. A slip-resistant carbon rubber outsole with EVA midsole provides reliable grip and underfoot cushioning, supported by a lightweight composite shank.
- TPU toe and heel reinforcement, foam ankle padding, and a contour-moulded PU foam insole deliver added protection and shock absorption. Finished with a durable Cambrelle lining and non-metallic, scanner-safe hardware.
- Certified to O1 FO SRA, with fuel oil resistance, anti-static properties, shock-absorbing heel, reinforced heel, and standard fit.
- Sizes 3 - 14 & 1/2

FW175

**MAGNUM MAG STRIKE FORCE 8.0 S/Z (M810044)**

FRONT

SIDE

- Lightweight occupational boot with a durable leather upper and breathable mesh lining. A Dry Pro waterproof and breathable membrane helps keep feet dry, with rust-proof, scanner-safe hardware and a YKK side zip for easy on and off.
- Exogel ankle protection improves stability, while the M-P.A.C.T Power moulded PU insole and EVA midsole provide effective shock absorption and comfort. A high-traction MICHELIN outsole is slip and oil resistant for reliable grip on varied surfaces.
- Certified to EN ISO 20347:2012 OB AN CI E FO HI HRO WR, slip rating SRC.
- Sizes 3 - 14

FW176

**MAGNUM ULTIMA PRO 8.0 WP SIDE-ZIP (M810044)**

FRONT

SIDE

- Lightweight vegan high-leg uniform boot with YKK side zip, designed for reliable performance using environmentally considered materials. The upper is made from 100% recycled fabric derived from plastic bottles, combined with a waterproof, breathable bootie membrane to keep feet dry in all weather conditions.
- PU heat-welded construction reduces weight while maintaining support. A blown EVA midsole and Hi-Poly PU antibacterial foot bed provide all-day comfort and reduced fatigue. Finished with a high-traction MICHELIN outsole for durability and grip, with a professional uniform appearance.
- Certified to EN ISO 20347.
- Sizes 4 - 14

VEGAN FRIENDLY  
Vegan friendly materials  
with no animal products  
used

FW760

**MAGNUM VIPER PRO 8.0 (M810043)**

FRONT

SIDE

- Lightweight side zip patrol boot designed for day-to-day uniform use. Built with a durable leather upper and hard-wearing breathable mesh panels, the boot offers comfort and ventilation throughout extended wear.
- The M-P.A.C.T Response insole provides effective shock absorption and support, while scanner-safe non-metallic hardware ensures suitability for secure environments.
- Finished with a high-traction rubber outsole for dependable grip and anti-static properties.
- Certified to EN ISO 20347:2012 01 FO SRA.
- Sizes 3 - 14

FW177

**MAGNUM MEG ELITE SHIELD (M800892)**

FRONT

SIDE

- Lightweight public order safety boot designed for high-risk environments. Features blunt trauma metatarsal protection, a composite toe cap, and a composite penetration-resistant plate for comprehensive impact protection. Durable chemical-resistant waterproof leather and flame-retardant Nomex laces ensure reliable performance in extreme conditions.
- Comfort is supported by a moisture-managing Cambrelle lining, PU foam insole for shock absorption, and an EVA midsole for underfoot cushioning during prolonged wear. Finished with rustproof hardware and anti-static properties.
- Certified to EN ISO 20345:2011 S3 WR CI HI HRO SRC.
- Sizes 3 - 14

HH132  
POLICE BUMP CAP

FRONT

FRONT

- Black cap with white embroidered text & blue-silver checkered banding for a professional police appearance
- Removable hard shell, compliant with EN812:1997 + A1:2001, provides lightweight head protection
- Reflective piping enhances visibility & wearer safety in low-light conditions
- Ventilated design with liner holes & dual mesh panels promotes airflow & cooling
- Soft, absorbent sweatband ensures comfort during prolonged wear
- Adjustable rear opening delivers a secure, fit for all sizes

\* Available with bespoke embroidery to display force or unit identification.

# CATALOGUE INFORMATION

This range has been developed specifically for the needs of frontline policing & associated services.

Every item has been designed to offer reliable protection, comfort & performance across a wide range of operational environments. From high-visibility outerwear to durable mid-layers, each product in this catalogue is built to help officers stay protected, professional & prepared for duty. All garments & footwear are produced using responsibly sourced materials & are packaged with sustainability in mind.

Eurox is committed to supporting those who serve, providing dependable products, consistent quality & trusted UK support.

Where performance meets purpose.
